Hello,

I'm a dedicated web front-end developer with a mission to make a significant impact in the tech industry. With a strong focus on both hard and soft skills, I strive to deliver exceptional value in every project I undertake. My technical skillset includes expertise in HTML, CSS, and JavaScript, as well as proficiency in popular frameworks like React.js and Vue.js. These tools have been instrumental in shaping my career path and enabling me to create engaging and dynamic web applications. I am driven by a passion for continuous learning and innovation, constantly seeking new ways to push the boundaries of front-end development.

Work Experience

Front End Developer

TRENDTECH - Khartoum

January 2022 to June 2022

Employed as a front-end developer, contributing to the construction of web applications and websites by utilizing HTML, CSS, JavaScript, and React.js. Collaborated on crafting solutions that align with the requirements and desires of clients.
